Prices

The prices are exclusive of Swiss VAT. Our web shop prices apply to all customers.

Methods of payment

So that your purchase proceeds as smoothly as possible, we offer you various payment options. Essentially, we only supply goods in return for advance payment.

Exception: Purchase on account

Regular customers

- All customers from Switzerland and Liechtenstein
- Companies from Germany and Austria can order on account, provided that we receive a written order (official PDF), which includes the following details: VAT ID and EORI number

Currencies

We accept payments in euros (EUR) and Swiss Francs (CHF). Payments in other currencies are not accepted.

Parity clause

The prices are based on a calculation rate of EUR 1.00 /CHF 1.15.

Advance payment

With the order confirmation, you will receive all the information about the order, incl. bank details. Once we have received your payment (please give your order number), we despatch your order to the delivery address specified. In the case of a SEPA transfer from the EU, it takes one to two working days for the payment to reach us. We will inform you once the parcel has left our warehouse.

Payment in cash upon collection

Needless to say, you may collect any item purchased from us, in return for payment in cash. Please note, in this case, that we have limited hours for parcels being collected by customers. It is mandatory to contact us in advance by telephone or e-mail. No collection charges apply during opening hours. Customers from outside Switzerland who collect from us need to organise the complete customs clearance themselves. ALL4SPS GmbH only provides 3 commercial invoices, on which Swiss VAT is shown. If the purchaser lets us have the original export confirmation from the customs authorities, we will reimburse the Swiss VAT charged.
